

# Marck Frience Coto

Experienced front-end software engineer focused on building accessible digital experiences

---

## PROFILE

I am a front-end web developer with rich of **experience** in building freelance and personal projects. I am proficient in a variety of technologies, including **React**, Redux, Node, PHP, MySQL, **TypeScript** & MongoDB. I am also a strong **problem solver**, a **team player** and an **open-source** enthusiast.

---

## RELEVANT EXPERIENCE

### 3D Modeller at Glimmertech

May 2023 — December 2024

- Identifying and labeling objects within a 3D environment.
- Analyzes 3D point clouds or meshes to assign semantic labels like "chair" or "wall" using specialized software, ensuring accurate segmentation for machine learning applications in autonomous navigation or virtual reality
- Correcting misclassifications and refining annotations to ensure consistent, accurate object identification for AI training and realistic 3D simulations.

### Manager – IT Technical Sales Specialists at Hube Computer

July 2020 — Feb 2023

- I combine my leadership skills with a passion for design, creating visually engaging content while managing workflows to meet deadlines. This role allows me to enhance both the efficiency and aesthetic quality of our projects.
- I spearheaded the implementation of innovative sales strategies, leveraging technical expertise to drive a 20% increase in client acquisition and improve team performance through targeted training programs.

### Computer Technician, RAM Computer

Feb 2012 — April 2016

- Maintain, install and repair both software and hardware computer peripherals.
- Resolved technical issues, boosting system performance and customer satisfaction by 15%.
